DETAILED ACTION

Response to Arguments

1. Applicant's remarks filed 8/3/2005 have been fully considered and they are persuasive.

Allowable Subject Matter

1. Claims 1-4 are allowable over the prior of records.
2. The following is an Examiner's statement of reasons for the indication of allowable subject matter: Regarding claim 1, the allowability, at least in part, resides in a method for boring a hole in a circuit board, fails to teach in part a steps of a second step of boring the hole in said circuit board, employing a working apparatus having an image pick-up function and a boring function, said second step further including: a sub-step of acquiring a second position data for positioning said circuit board in said working apparatus, by said image pick-up function of said working apparatus; a sub-step of determining the boring position on said circuit board in said working apparatus by synthesizing the first position data acquired in said first step and said second position data; and a sub-step of boring the hole at a predetermined position in said circuit board by said boring function of said working apparatus.

Regarding claim 4, the allowability, at least in part, resides in a boring device for a circuit board, fails to teach in part a working apparatus including a second image pick-up unit for picking up an image of said circuit board, a second data processing unit for providing a second position data on the basis of said image obtained by said second image pick-up unit as well as synthesizing said first position data and said second position data, a second movement unit for moving said circuit board relative to said second image pick-up unit, and a boring unit for boring a hole in said circuit board on the basis of said first and second position data synthesized by said second data

processing unit.

3. Claims 2-3 are allowed for the same reasons above.

Conclusion

1. Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Douglas Lee, whose telephone number is (571) 272-3745. The examiner can normally be reached on Monday-Friday from 8:00AM- 4:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, *Leo Picard*, can be reached on (571) 272-3749 or via e-mail addressed to [*leo.picard@uspto.gov*]. The fax number for this Group is (571) 273-8300.

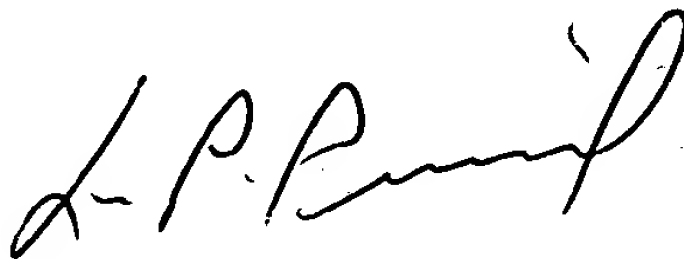

Communications via Internet e-mail regarding this application, other than those under 35 U.S.C. 132 or which otherwise require a signature, may be used by the applicant and should be addressed to [*doug.lee@uspto.gov*].

All Internet e-mail communications will be made of record in the application file. PTO employees do not engage in Internet communications where there exists a possibility that sensitive information could be identified or exchanged unless the record includes a properly signed express waiver of the confidentiality requirements of 35 U.S.C. 122.

This is more clearly set forth in the Interim Internet Usage Policy published in the Official Gazette of the Patent and Trademark on February 25, 1997 at 1195 OG 89.
